#### Table 1.1 - Major Changes to Corporate Group Structure or Operations

Table 1.1 – Major Changes to Corporate Group Structure or Operations
There has been no major or significant change to the Corporate Group Structure or Operations.

#### Table 1.2 – Aggregate energy assessed covered in this report

No assessments were completed during the year ended 30 June 2011. A Representative Assessment Plan was submitted and approved in September 2011. Assessments will be completed and covered in future Public Reports.

<b>Total energy use covered by all assessments in this report</b>	<b>Nil</b>	<b>GJ</b>
<b>Total energy assessed as percentage of total energy use of the corporate group*#</b>	<b>Nil</b>	<b>%</b>

\* If this report covers only part of the corporate group, than the percentage should be computed on the total energy use for that part of the group covered in this report

# Please note that corporations are required to assess 80% or more of their energy use in the first five-year assessment cycle and 90% or more in subsequent five-year assessment cycles. Accordingly, for those corporations with a 2005-06 trigger year (i.e. those corporations at the end of their first-five year assessment cycle), the value in "Percentage of corporation's energy use assessed" above, must be more than 80%.

## Declaration

### Declaration of accuracy and compliance

The information included in this report is, to the best of my knowledge, correct and in accordance with the *Energy Efficiency Opportunities Act 2006* and *Energy Efficiency Opportunities Regulations 2006*.

### Note

The report has not yet been reviewed and noted by the AHL board of directors – the report is scheduled to be presented at the board meeting scheduled for 23<sup>rd</sup> February 2012 and confirmation of the Public Report will be uploaded to the AHL website at that time.
